Delivery Stamps.

What They Signify When Attached on Letters.

THEIR DELIVERY ON SUNDAY.

It is Left Unlikely Optional with Postmasters Whether It is to Be Strictly Enforced — Whereabouts of the Cabinet Officers — Other Dispatches from the National Capital.

WASHINGTON, Aug. 6.—In most of the ninety-six first class postoffices in the United States delivery of letters with special delivery stamps attached is made on Sunday. Until recently no Sunday delivery was made in New York city, but Sunday Postmaster Van Cott inaugurated a Sunday delivery. The law when passed was construed to mean that letters bearing special delivery stamps should be delivered as soon as received.

There was a great opposition to this from the religious element of the country, and Postmaster General Vilas then directed postmasters throughout the country to use their discretion in the matter.

The postmasters at most of the large postoffices decided that the law meant that such letters should at once be delivered. At the following offices, however, no delivery of special delivery letters has been made on Sunday during the past year and during this year, as far as the postoffice department is advised: Chicago, St. Louis, Grand Rapids, Louisville, Memphis, Pittsburg, Wilmington, Dallas.

New York began the Sunday delivery last Sunday, but during the past three years Postmaster Pearson construed the instructions of the postoffice department to mean that such delivery was not required. There is no department ruling on the question. It is likely the matter will be brought before congress at its coming session, that the obligations of postmasters may be defined. The offices which do not make delivery on Sunday are the offices which are most frequently called on to make such delivery.

Where the Cabinet Officers Are Going. WASHINGTON, Aug. 6.—There will be a cabinet exodus from Washington today. The president, accompanied by Secretaries Windom and Proctor and Private Secretary Halford, will leave here at 9:40 a.m. on a special car attached to the regular train over the Pennsylvania railroad. At New York they will take the Fall river boat for Boston arriving there on Wednesday morning. Secretaries Windom and Proctor will not accompany the president to Bar Harbor, but will remain in Boston to transact some business there. Solicitor Walker Blaine will meet the president at Boston and escort him to Bar Harbor on Thursday.

Messrs. Windom and Proctor will return to Washington in about a week.

Secretary Tracy, who has been suffering from a slight attack of dysentery, will go to Brooklyn to-day for a short stay.

Attorney General Miller will leave for Indianapolis this afternoon. He will return in two weeks.

Secretary Noble will probably take a short vacation beginning at the end of this week.

The Boston Touches Bottom.

WASHINGTON, Aug. 6.—The secretary of the navy has received the following letter from James O'Kane, captain commanding the United States steamship Boston:

"NEWPORT, R. I., Aug. 3.

"I have respectfully to report that at ten minutes before 6 o'clock this afternoon, while returning to an anchorage from speed trials in Narragansett bay, the Boston touched bottom for a moment off Rose island, probably on Mitchens rock. I shall send a diver down to make an examination as soon as possible, in order to ascertain if any serious injury has been received."

Protecting the Red Cross.

WASHINGTON, Aug. 6.—Patent Commissioner Mitchell has refused to grant an application for a trade mark for a medical compound bearing the name "Red Cross," on the ground that this legion is the name of the noted international society which uses it on its medicines, tents, etc.

His Resignation Accepted.

WASHINGTON, Aug. 6.—The president has accepted the resignation of Stephen A. Walker, United States district attorney for the southern district of New York, to take effect when his successor is appointed.

BURKE IN CHICAGO.

The Cronin Suspect Securely Locked Up in a Cell.

CHICAGO, Aug. 6.—Martin Burke, the Cronin suspect, handed over to two detectives, was dropped from the St. Paul train about six blocks from the Union depot last night, and from there driven in a carriage at lightning speed to the Harrison Street station, and placed in a cell.

At the depot was a squad of policemen waiting ostensibly to escort Burke from the depot, but really to act as a decoy for the reporters. There were very few people about the police station and no one save the police authorities knew of Burke's arrival until he had been safely placed behind the bars.

A Murder and Suicide.

SAN FRANCISCO, Aug. 6.—Yesterday afternoon John Carter, who has been employed as guard at San Quentin prison, shot his wife in the back while she was dressing her hair before a mirror and then shot himself in the head, dying instantly. Mrs. Carter lived but a few moments. Jealousy is given as the cause of the shooting.

A BLOODY DUEL.

One of the Participants Severely and the Other Mortally Wounded.

NEW ORLEANS, Aug. 6.—A special from Baton Rouge to The Picavue reports that a bloody duel took place yesterday morning near Cottontown, Avoyelles parish, between Charlie Arman and his father-in-law, Henry Dueate, in which the former was severely and the latter mortally wounded. The fight grew out of an altercation between the two men at a dance the night before when arrangements were at once made for a meeting on the banks of the Bayou in the morning. The two men faced one another at daybreak in the presence of fully fifty men friends of both the combatants, who had come to witness the fight.

The men were placed in position with their backs to each other and a considerable distance apart. At the signal both men turned and advanced rapidly firing as they approached one another, and never stopping until both combatants lay prostrate upon the ground. Dueate had been struck in the stomach with seven buckshot making a wound from which he cannot recover, while Arman's right knee had been shattered by a rifle ball. Both men were taken to their homes by their friends.

Banding Together.

PHILADELPHIA, Aug. 6.—Last night over a hundred western merchants arrived here in response to an invitation from a leading merchant establishment, whose proprietors devised the scheme of paying their customers expenses to this city instead of sending out salesmen. After making purchases in various lines of trade the visitors formed "The Western Merchants association," with permanent headquarters at Chicago, the objects being mutual protection and the collection and dissemination of price lists and samples among its members, and to gain whatever advantage there may be in buying in large quantities.

Carrying Out His Orders.

KANSAS CITY, Aug. 6.—Commander-in-Chief Warner of the Grand Army proposes to discipline the department commanders who issued orders to subordinate posts to stay away from the Milwaukee encampment. Having issued orders to department commanders over a month ago to use their efforts in making the encampment a success, he considers their later orders to the post a flagrant breach of discipline, and will not allow it to pass unnoticed. The matter will be taken up by the council of administration at Milwaukee.

Latest News from Hayti.

NEW YORK, Aug. 6.—The steamer Athos, from Hayti, reports that up to July 25 Port-au-Prince still held out against Hippolyte's bombardment. The Athos passed a disabled American steamer off Chesapeake bay at 7 o'clock Sunday evening. The captain of the Athos thinks she was the new Port or Ninga of the Ward line. She showed no signs of distress. Her machinery was probably damaged.

Flight of a Storm.

MICHAEL, Ind., Aug. 6.—Yesterday's storm in this section proves to have been most disastrous to life and property. A wagon containing a family of five—father, mother and three small children were blown from the roadside into Black creek and all were drowned. Scores of houses were uprooted and several were demolished. The storm was general throughout southwestern Indiana.

A Cyclone's Wreck.

KANSAS CITY, Aug. 6.—A special from Clearwater, Sedgwick county, Kan., says: A cyclone passed south of this city yesterday demolishing two houses. William Goode, the occupant of one of them was fatally injured. Several horses and many cattle were killed. The corn crop was considerably damaged. The path of the cyclone was a quarter of a mile wide and six miles long.

Fight Stopped by Police.

BUFFALO, Aug. 6.—At Genesee hall last night Paddy Brennan undertook to stand up before Peter Jackson, Australian, for four rounds. He made a miserable failure, however, and was so severely punished in the first round that the police interfered and stopped the fight. Brennan's nose was broken and he was otherwise badly used up, while Jackson did not get a scratch.

Fortunate Escape.

DUBUQUE, Iowa, Aug. 6.—Delhi, a town of 1,000 inhabitants, on the Davenport branch of the St. Paul road, in Delaware county, barely escaped total destruction by fire yesterday. Twelve buildings, among them the postoffice, telephone office, Odd Fellows and two hotels were destroyed. The insurance is light, and the loss is estimated at \$50,000.

Result of the Election in Kentucky.

LOUISVILLE, Ky., Aug. 6.—Returns received up to midnight indicate that Sharp, Democratic candidate for state treasurer, has been elected by 30,000 majority. All of the Louisville legislative districts return Democratic members. The Republicans gain a senator in the Frankfort district. The new constitution will have a majority.

To Be Tried for Murder.

COLUMBIA, S. C., Aug. 6.—John Yidell, the negro charged with the murder of James S. Blackwell, in 1884, in this state, was yesterday arraigned in the Edgefield court and pleaded not guilty. He will be tried next Friday. Yidell fled from here after the murder and has since been living in Pittsburg as Rev. E. F. Flomen.

Found Floating in the River.

NEW YORK, Aug. 6.—The body of Melaine Koll, the little daughter of Gustav Koll, who was supposed to have been stolen by Gypsies, was found yesterday floating in the river at the foot of Eighth street, College Point.

The English View.

What They Think of the Black Diamond Seizure.

THEY VIEW IT AS AN OUTRAGE.

The London Times thinks that the United States has no rights outside of its territorial waters—extreme cruelty to soldiers—latest news from the scene of battle—other foreign news.

LONDON, Aug. 6.—The Times in a leading editorial comments on the latest seizure of Canadian sealing vessels by the American authorities and says: There is not a particle of justification for the high handed seizure of the Black Diamond. No statute of congress can bind English citizens beyond the territorial waters of America without the consent of England. The seizure is contrary to international law and the entity of nations. The good sense and love of justice of the American people can be relied upon to assist in the settlement of a question which ought never to have been raised.

Anti-Slave Conference.

LONDON, Aug. 6.—In the house of commons yesterday evening in reply to a question as to the part which Eng. and France will take in the proposed anti-slave conference in Brussels, Sir James Ferguson, under secretary, stated that nothing was yet definitely settled, and that his advices from Brussels indicated that the conference would not be held before the middle of October.

Latest from the Scene of the Baltic.

CARO, Aug. 6.—A force of Egyptian troops have occupied Sarras. A garrison will be permanently stationed at that point to guard against a repetition of the recent dervish invasion. Fully 3,000 of Wad-El-Jum's followers have submitted. The British troops on the frontier will leave for Cairo immediately.

Review of the British Fleet.

PORTSMOUTH, Aug. 6.—The review of the British fleet began at 4 o'clock yesterday afternoon and took place in a high wind. The weather had cleared, however, and the review was a brilliant success. At its conclusion Emperor William received all the admirals on board his own yacht and tendered them his congratulations.

For Sheriff—JOHN W. ALEXANDER.
Sup. of Schools—G. W. BLATTERMAN.
For Jailer—ROBT. C. KIRK.
For Assessor—JOHN C. EVERETT.
For Coroner—M. T. COCKRELL.

THE election yesterday was a remarkably quiet one, the quietest one for years.

THE Cincinnati Commercial Gazette is in danger of being prosecuted for rank Republican heresy because of its war on the trusts. That's what the Mansfield Shield and Banner thinks. There is one thing true, and that is the Commercial Gazette seems to have a different opinion of trusts now from the one it expressed last fall during the campaign.

Things Have Changed.

"Protection and Beefsteak" was inscribed on a banner that some of the Illinois miners held aloft when they journeyed over to Indianapolis to call on General Harrison during the campaign last fall. The Boston Globe says: "General Harrison complimented them on their understanding of the situation. If they wanted beefsteak they must have protection, he said—the Republican party's peculiar kind of protection."

General Harrison was elected, as the miners hoped he would be. "Protection" was saved.

But about the beefsteak. The newspapers have lately been relating the ghastly sufferings of Illinois miners who have been since May 1 on a strike against their ported employers. And the other day the papers told how a horse dropped dead in the mining district, and before the body was cold the raw flesh had been literally stripped from the bones and devoured by the ravenous multitude of strikers.

Perhaps among those poor fellows were some of the same men who paraded the banner before Candidate Harrison a year ago. They made a mistake in the inscription, that was all. Instead of "Protection and Beefsteak" it should have been "Protection and Horseflesh."

Ripley Fair—Aug. 27, 28, 29 and 30.

The attractions at the Ripley fair this year will be many. The first will be the music, the Hauck Reed and Brass Band of Maysville having been engaged to furnish that, and there is no doubt that it is the best band in this section of country. The concerts given each day will alone be worth the price of admission. The following premiums will show about how they run in their catalogue this year: Best roadster stallion, \$50; best four-year-old roadster, \$50; best harness horse, mare or gelding, \$50; best saddle horse, mare or gelding, \$35; best pair double roadsters, \$25; best four-year-old stallion, \$25; best pair harness horses, \$25; best three-year-old roadster, \$25; ladies' riding match, girls' riding match, gent's riding match, ladies' driving match, boys' riding match, colored men's riding match and numerous other attractions.

One hundred dollars in premiums will be given by the Brown County Stock Farm at this fair Friday, to the colts sired by their fine bred stallion Major Landers. This will be another fine colt show.

In the floral hall will be found many attractive premiums. Those who attended last year will remember the attractive show in the art department. It will be even more attractive this year. No pains or expense will be spared to make the exhibition entertaining and inviting. Plenty of all kinds of refreshments on the grounds. Good water, fine shade, and in fact everything to make our a good time.

News About the Railroads.

The Pullman Company has a fifteen-year contract with the Chesapeake and Ohio and the report that Wagner sleepers will be put on the road is without foundation.

A Chicago man is at work on a new railroad car which will not burn or telescope. It is all iron and steel. The roof, sides and ends of the car are made of steel boiler plates riveted together, and is nothing more or less than a big boiler. It is not quite round, however, being somewhat the shape of a horse-shoe—the round part being the top. In the bottom, it is said, are several steel girders packed in cement, much the same as in the Pullman cars. Along the sides is an array of windows precisely similar to those of an ordinary passenger coach. The top of the car is destitute of the heavy roof and ventilating arrangement that is seen on ordinary cars. It is said that ventilation is to be secured by pumping air into the cars through pipes. These pipes, in winter, will furnish warm air. There is also a system of ventilators around the windows.—Exchange.

KENTUCKY CROPS.

How They Fared the Past Week.
Other Items of Interest for
the Farmers.

The Weekly Crop Bulletin, published conjointly by the State Weather and United States Signal Service, shows a continued state of prosperity in nearly all the neighborhoods from which reports have been received. The damage inflicted by excessive rains has not been sufficient to reduce the general averages heretofore reported. A summary of the report shows that the temperature of the past week has been considerably below the normal for the season, but has preserved a remarkable uniformity, the daily average being about 75 degrees. There has been a large excess of cloudy weather. The rainfall of the week was very unevenly distributed, the southern and western counties of the State reporting a deficiency, while other sections experienced a large excess. The general effect of the conditions was quite favorable to the growing crops, but there is a very general complaint that grain in the shock has been damaged by rain. The wet weather has also proved detrimental to hay-making. Corn and tobacco continue to flourish, and the prospect for a tremendous crop of the former is most promising. It has suffered somewhat from being flooded on low ground, as well blown down by high winds. The outlook for wheat is reported to be exceptionally fine. Irish potatoes will yield an enormous crop. Grapes are said to rot on the vines, owing to wet weather.

There were 3,676 hogsheads of burley leaf tobacco received at Cincinnati last week, the largest for one week by any market in the world.

Jay-Eye-See, the phenomenal gelding owned by J. I. Case, has gone lame and will not be trotted in any races this season. It is feared that he will never again appear on the race track.

The hay crop is very large. Many farmers are not yet done cutting, owing to the bad weather. In spite of the wet weather, however, there will be a great deal of number one hay.—Vanceburg Times.

At Cleveland, O., Thursday, the wonderful three-year-old, Axtell, started for \$2,500 to beat his record of 2:15. With a running mate he trotted the mile without a skip in 2:14. The great Guy also went an exhibition mile for a cup to beat 2:12, which was his record. There was great difficulty in getting him started, but once off he was like clock-work, covering the distance in 2:10.

A Card From George W. Adair.

Miss Hildreth, of Maysville, is the guest of the family of Robert Wood.

Mrs. Thomas Webster and babe are visiting her parents near Orangeburg.

D. B. Mitchell, of Maysville, spent Saturday and Sunday with his parents here.

Misses Hattie Hughes and Minnie Grilli are attending the Ruggles camp meeting.

Fashion Notes.

Straight skirts, gathered or plaited waists and full sleeves, increase daily in still greater favor.

A tea gown of pale coral silk veiled with black lace is one of the sweetest creations of the summer.

Paris fashions indicate that skirts are to shrink in length and show the boot to the ankle as the wearer moves.

Turpentine is a good preventive against moths. The unpleasant odor evaporates as soon as garments are exposed to the air.

The white wool veiling gowns with broche borders or stripes in white silk are almost as effective as white silk ones broche with silver.

The popularity of sailor hats is still so great that milliners both here and abroad are using these simple flat-crowned, straight-brimmed shapes for airy models in net and tulie.

Batistes, percales and linen lawns, with fine stripes, dots or sprigs, are made with dainty dressing-jackets which are pretty enough to be worn at the breakfast table at home, with skirts of plain white linen lawn. The sheer lawns and batistes are made with fitted backs and loose fronts, a finely plaited vest being added to some, or three deep tucks separated by rows of ladder-stitching in color.

Tobacco.

Furnished by Glover & Durrett, proprietors, Louisville Tobacco Warehouse.

Sales on market for the week just closed amount to 2,838 hds. with receipts for the same period amounting to 2,706 hds. Sales on our market since January 1st, amount to 77,911 hds. Sales of the crop of 1888, on our market up to this date, amount to 1,392 hds. The following week on our market has been marked by large receipts and sales of burley tobacco with a very firm and active market for all grades. \$25.50 per lb. was realized this week for one hogshead of burley of the crop of 1888, being the highest price of the season. The weather conditions have been more favorable for the crop in the past few days, and a great deal of damage has already been done by the wet season.

FINE FARM FOR SALE.

B. Richardson's Administrator, versus His Heirs, &c.

Public sale at Shelbyville, Ky., of one of the best farms in Shelby County, on

1889, being the farm of the late Bainbridge Richardson. The farm is to be sold to settle the estate, and this sale furnishes a rare chance to get a most desirable country home.

The farm is situated on the turnpike leading to Taylorville, three miles from Shelbyville, contains TWO HUNDRED ACRES of excellent land, splendid orchard of choice fruit, fine water for stock and family. The house is beautifully situated on an elevated point fronting the pike, and there are all necessary outbuildings on the top of the hill. The farm is in twenty-five minutes drive of Shelbyville and two depots—one on the L. S. and one on the L. and N. railroads. Such farms are seldom offered at public sale. The sale will be made on a credit of six, twelve, eighteen and twenty-four months, with interest and personal security and lien.

MAYOR E. E. PEARCE is announced in this issue as a candidate for re-election. During the time he has held the position he has proved himself one of the most faithful and efficient Mayors Maysville has ever had.

MR. HENRY POWER is a true-blue Democrat, but his friends will excuse him for not taking much interest in the election yesterday when they learn that he is the proud father of a fine daughter, born yesterday morning.

A LIGHTED coal oil lamp was accidentally overturned at Hill & Co.'s grocery last evening about 9 o'clock, and it required considerable effort to extinguish the flames. They were smothered before any damage of consequence was done.

THE most elegant line of jewelry in Maysville will be found at John Ballenger's. He carries a complete stock, and sells at low prices. One hundred new designs in gentlemen's scarf pins. Elegant assortment of ladies stick pins or bonnet pins.

MR. A. A. WADSWORTH requests the BULLETIN to say that through a mistaken idea of friendship some gentleman placed his name on the poll-books as a candidate for State Senator on Monday. Such a step was wholly without his authority. He never was at any time a candidate for that place, and regrets that any one of his friends should have taken such a liberty.

ANOTHER excursion will be run from Lexington to Mammoth Cave on the 13th of this month for the benefit of the Broadway Christian Church's auxiliary of the C. W. B. M. of Lexington. Round trip only \$8. Coaches run through. For further information, call or address Mrs. Lena Nolin, Maysville, or Mrs. J. S. Shouse, or W. S. McChesney, General Agent L. and N. R. R., Lexington, Ky.

ON TOP YET.

Kentucky Democrats Make Almost a Clean Sweep at Yesterday's Contest.

A Light Vote Polled in the County. The Result—News From the State.

The blow and bluster of the Republicans didn't count at the polls, and the Democrats are still on top in Kentucky.

And judging by the vote throughout the State yesterday they will stay there for years to come.

The Courier-Journal's dispatches are to the effect that the party made almost a clean sweep. Counties that usually go Republican, were carried by the Democrats, and the Democratic counties increased their majorities.

The State Central Committee estimate Sharp's majority for Treasurer at 35,000 or 40,000, but it may not reach those figures.

In Fleming Burns, Democrat, was elected Representative by about 175 majority. Greenup County, usually Republican, went Democratic. Sharp's majority in Boyd is 203, a big gain. Colson carried Lewis by about 400. Sharp got the usual majority in Nicholas.

In this city and county the election was one of the quietest on record.

There was no organized opposition to the local Democratic nominees, and but little interest on either side. As a consequence, the vote was very light. In the county, fully 1,000 Democrats and about 1,100 Republicans remained at home. Here in Maysville, the polls were almost deserted much of the time, except in precinct No. 2, where little excitement was worked up over the fight for Constable.

Unofficial returns from the county give the following as the result:

Ten Million Dollars.

Such Was the Fire Loss at Spokane Falls, W. T.

BUT LITTLE OF THE CITY LEFT

Nearly Every Business House in the Place Destroyed—Several Lives Reported Lost. A Conflagration Beyond the Control of the Fire Department—The Principal Losses and Extent of Their Loss.

SPokane Falls, Wash., Aug. 5.—The entire business portion of the city, with the exception of one mill, was destroyed by fire Sunday night. The loss will reach \$10,000,000.

The fire started in a lodging house on Railway avenue at 5 o'clock and burned until morning. A large number of frame buildings and several grain elevators were near the lodging house, and soon after the fire broke out they were ablaze.

The fire leaped from street to street, and nothing could be done but let the flames have their own way until they reached the river and then endeavor to prevent the fire from reaching the buildings on the opposite side. The flames swept through the city, and one business block after another was consumed, everything being burned to the water's edge. Only a few dwellings were destroyed.

Every business house in the city including eight banks, all the hotels but one, all magnificent structures, except the Crescent block, and every newspaper save The Review, were burned out. The burned district includes all that part of the city from the Northern Pacific railroad to the river, and from Lincoln to Washington streets. Several persons are known to have perished, and several more were injured by leaping from windows. Charles Davis, of Chicago, a guest at the Arlington house, was awakened by flames bursting through the door of his room on the third floor. He jumped from the window and was shockingly mangled and died in a few minutes. A woman whose name is unknown leaped from the second story of the Pacific hotel and was killed.

The fire spread with such astonishing rapidity that it is believed many were shut off from escape before they were even aware of their danger. A dozen large buildings were blown up with giant power by the orders of the mayor, but even this proved futile. The Northern Pacific railroad is probably the heaviest loser, the magnificent new freight ware house being destroyed. Their loss, including freight burned, will reach about \$1,000,000. All provisions and supplies were burned, and there will necessarily be much suffering for several days. Appeals for help have been sent out, and Portland, Seattle, Tacoma and several neighboring towns have already responded.

The business district was located on a strip five squares wide and seven squares long. The buildings were all of stone and brick and included ten banks, five hotels, the opera house and many wholesale establishments doing a business of half a million each. It is thought here that the loss will amount to \$10,000,000 or \$12,000,000. The only fire department the city had was a volunteer one, but the city had an excellent water works built on the hill system that was capable of most effective work. It is understood that but little insurance was carried by property owners.

Among chief losers are the following: Holley Mason, of Marks & Company, wholesale hardware, \$125,000; Great Eastern Wholesale Dry Goods house, \$100,000; White House, dry goods, \$80,000; Lowenstein Brothers \$100,000; Benham & Griffith, wholesale grocers, \$40,000; Mason Smith & Company, grocers, \$40,000; Pacific hotel, \$10,000; Grand hotel, \$40,000; Windsor hotel, \$25,000; Hyde block, \$75,000; Washington block, \$45,000; Cannon block, \$20,000; Moore block, \$30,000; First National bank block, \$25,000; Wolverton block, \$25,000; Frankfort block, \$125,000, and Tull block, \$75,000.

THE BOSTON SLUGGER.

He Discovers That Mississippi Has Laws He is Bound to Respect.

JACKSON, Miss., Aug. 6.—John L. Sullivan spent the greater part of the night in jail, but was taken back to the Edwards house before daylight. At 11 o'clock he had a hearing before Judge Campbell upon a writ of habeas corpus. The judge ordered that he be at once taken to Marion county to answer for the crime charged against him, the courts of Hinds county having nothing to do with the case. Detective Childs left with his prisoner at 5 p. m. for Marion county.

Sullivan at Meridian.

MERIDIAN, Miss., Aug. 6.—The train bearing Sullivan and party arrived at 7 o'clock yesterday evening. Governor Lowry and Attorney General Miller were also on board, on their way to attend the preliminary hearing at Purvis. People crowded the stations along the route, eager to see Sullivan.

Conflicting Stories About Kilrain.

BALTIMORE, Aug. 6.—There is considerable doubt here as to the correctness of the report that Jake Kilrain had been arrested. Two dispatches have been received from different sources in Virginia and it is a case of pay your money and take your choice. One dispatch is from Norfolk which says that Kilrain was arrested at Ocean View and taken to Hampton. The other is from Hampton, saying that Kilrain had not arrived there and that he was not under arrest.

No More Sunday Ball Playing.

CANTON, O., Aug. 6.—A compromise was made yesterday between the Law and Order league, which has been fighting Sunday base ball, and the Canton club, and no more Sunday games will be played. The Canton and Springfield players who were arrested for Sunday's game pleaded guilty and were fined \$2 and costs, all the fines being paid by the Canton club.

KANSAS WHEAT YIELD.

It is Estimated That There is Thirty-Four Million Bushels.

CHICAGO, Aug. 6.—A gentleman who has been through Kansas says of the crop of wheat in that state: "The immense wheat crop this year is a surprise to many people east of the Mississippi river, but nothing in the way of big crops will surprise one who has lived long on Kansas soil. What can be done with this immense wheat crop? It is estimated that there are 24,000,000 bushels. Seventeen thousand farms having \$1,000 mortgages on them, or \$1,250 farms having \$500 mortgages, or 31,000 having \$500 mortgages, can be redeemed with this wheat crop. This crop can fill 68,000 cars of 500 bushels each.

A Train 411 Miles Long.

"This would make a solid train 411 miles long, reaching from Colorado across the state of Kansas and over into Missouri. From north to south it would cross both Kansas and Nebraska and join the Indian Territory with Dakota. Made into trains of twenty-five cars each, there would be 2,720. If these trains were run three miles apart they would stretch over a line 8,160 miles, and it would require two weeks and a half for the last train to arrive in the market if they all left the same place and would go to the same market, the trains running twenty miles an hour, twenty-four hours every day.

Family Trouble Results in Suicide.

MARIETTA, O., Aug. 6.—Evan Cooper, one of the best machinists in this section, committed suicide yesterday morning by taking morphine. Family troubles are said to be the cause. He was a highly educated man, a graduate of George college, Philadelphia, and a fine Latin and Greek scholar. He was 47 years old, and addicted to drink. His family consists of a wife and three children.

DEADLY KEROSENE.

A Young Girl Loses Her Life—The House Also Burned.

ST. LOUIS, Mo., Aug. 6.—A special to The Republic from Mexia, Tex., says:

Seven miles from Mexia yesterday the 18-year-old daughter of George Zotz poured oil from the kerosene can on the fire. It exploded, tearing her breast badly and setting her clothing on fire.

She ran outside, but the wind made it burn so much fiercer that she ran back and fell enveloped in the flames. The house caught fire and burned to the ground, the body of the girl being burned to a crisp. Her father was in the house, sick in bed, as was also a little brother. It all happened so quickly that they could render no assistance. The family, though, saved themselves.

Suing for Libel.

BOSTON, Aug. 6.—A. G. Whitecomb, manufacturer of school furniture, has brought a suit for libel against G. A. Babcock, an inventor of a school desk, for the publication of a letter in a Boston paper, charging that a combination existed between Whitecomb and Frederick C. Hanson, assistant superintendent of public buildings, for the purchase of supplies for schools.

First Minnesota Wheat Marketed.

MINNEAPOLIS, Minn., Aug. 6.—The new wheat crop has begun to move. Today the first lot, consisting of two cars, arrived from Winona City. One car was received by Martin & Wyman, and the other by Mann & Frazer. Both were bought by Washburn, Martin & Company, at eighty-two cents for one, No. 2, and eighty-eight cents for the other, No. 1.
